

filevault::cli::ICommand

```
classDiagram
    class filevault_cli_BenchmarkCommand["filevault::cli::Benchmark Command"]
    class filevault_cli ICommand["filevault::cli::ICommand"]
    filevault_cli_BenchmarkCommand --|> filevault_cli ICommand
```

The diagram illustrates a class hierarchy. At the bottom is a gray-shaded box labeled 'filevault::cli::Benchmark Command'. A blue arrow points upwards from this box to a white box at the top labeled 'filevault::cli::ICommand', indicating that the Benchmark Command class inherits from or implements the ICommand interface.
